[DT] "I know you were worried for a second there weren't you?" "Ha well, I think it's all going to work out just fine, Mr President!" We'll build a play-ground for all

of us to enjoy so full of games there's enough for each girl and boy

I want to help and do every thing that I can I'm here to show you I've changed

so here is the plan...

"Bring it in! That's right... keep it coming!  
Hey there, you with the amazing strength, can you help them  
move that Merry Go Round across the lawn? Thank-you so much!  
And you with the super teeth, we need you to help with that  
teeter totter! You got it! That's the spirit!"

There's so much I can do to help every-pony else
